

Education Package

Our Specialized Education Package

- A client may ask to you to come in a do specialized education tailored for their practice or organization such as a local AAPC chapter or an IPA/PHO those could include topics on coding, billing, front desk management, collections and/or compliance

One-on-One Education

- Now that you’ve had the opportunity to review the report, you can discuss the errors and suggestions for compliance measures with your consultant. It’s our goal to not only make you aware of practice errors but to understand why they are errors and what necessary steps need to be made to correct them.

“Ask A Consultant”

- This is a new feature added to our website. As your practice strives to make the necessary changes, you may have additional questions/issues. Feel free to call or email your consultant directly, FREE of charge for 30 days*.

Additional Chart Audits

- Many practices find themselves saying, “I hope this is right”. It’s our policy to see you through the transition and help you feel secure with your billing processes. Your first 5 charts will be audited by your consultant FREE of charge*.

Design of template, if recommended

- No two physicians are alike. Take advantage of a customized chart template to assist your practice with efficiency and compliance. You consultant is trained to recognize patterns, strengths and weaknesses in your physician’s documentation. At your request, a template will be designed to suit your practice and physician’s needs. (*Additional fees may apply*)
