The Physicians Practice S.O.S. Group Seminars and Office Solutions® Expands Consulting Services and Launches Franchise Program Across US

Leading Healthcare Consulting Expert Takes a Greater Leadership Role in the Industry by Launching Franchise Opportunities in various States and the American Dream is Realized for the First Franchisee!

[ATLANTA, GA] The Physicians Practice S.O.S. Group *Seminars and Office Solutions* a consulting and education firm specializing in providing education and management solutions to physicians and their staffs, is pleased to announce that since the launch of the franchise arm of the business on July 20th, Barbara Jackson Jerry has been added to its marque! Her passion for the healthcare industry and strong entrepreneurial spirit has launched her into the business to be housed in the South Atlanta area of Georgia as a new franchisee. The Physicians Practice S.O.S. Group began advertising the business opportunity less than 60 days ago and today we would like to say congratulations to our pioneer business owner.

Great businesses solve problems and make life "easier"-they do things that have not been done before. Mrs. Jerry, who is a nurse by trade, has been noted for helping clients make things a little "easier." "The Physicians Practice S.O.S. Group makes a difference to other human beings", says Jerry, "...great businesses make the world a better place!" The Physicians Practice S.O.S Group creates a new paradigm for the business of medicine. Now that she has her own franchise she can also take the business of medicine to the next level.

The expansion of services for current and future clients, and entrepreneur opportunities in various states is phenomenal. The franchise program is the culmination of over 20 years in the industry, laser-focused work and a passion to assist those who desire to deliver optimal healthcare services to patients. To arrange interviews, please contact Stephanie Williams at 770.333.9405.
